

# Gajendra H V

Analyst/Software Engineer

**Base Location:** Bangalore

**Email ID:** [gajendra.h-v@capgemini.com](mailto:gajendra.h-v@capgemini.com)

**Mobile No:** +91 9742104103

**Grade:** A4

## Education and certificates

Bachelor of Engineering  
Civil Engineering : 2015-2019

## Skills

Spring Boot  
Spring MVC  
Spring Core  
Bootstrap  
Core Java

## Backend

Spring Boot/Spring Security  
MongoDB  
REST-API

## Database

No SQL database – MongoDB

## Web Technologies

HTML5  
CSS3  
Javascript/TypeScript  
Angular

## AddOns

Github  
Maven  
Postman

## Additional Details

Excellent Communication Skills  
Team Player

## Strengths

- A self driven learner with Front-End and Back-End knowledge. Passionate about implementing and launching new projects.
- Ready to learn new technologies/Frameworks and implement them to further improve my knowledge.
- A team player with good communication skill always ready to work for the enrichment of knowledge.
- Has working knowledge on Angular and Java Microservice Development using Spring framework on an intermediate level.
- Also Implemented Eureka Server and Semantic UI in case study and upskilling day by day.

## Achivement

### Online Railway Reservation

This system enables the advance booking in any class against journal and lady's quota on payment of fare in full for adults and half for children. It also provides details about time table, train fares, current status of reservation, position train available between a pair of stations, accommodation available for a train/date combination.

This Application using Spring boot and Angular used for user interface. It is a double-role application project i.e. Admin and User, where Admin will have the main control over the system. Admin will be responsible for maintaining the system and also, keeping a check on the availability of trains, and updating any details related to the Railway Reservation. On the other hand, Users can register themselves and can do online reservation.
